Dear Jerry:

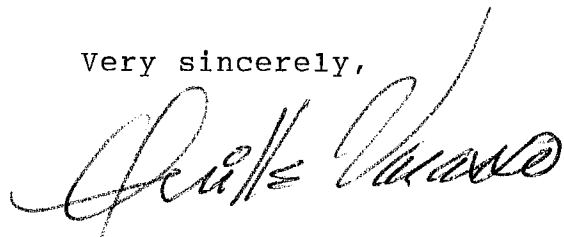

It's been over eighteen months since the remodeling of Moundbuilders Country Club was started, and for all practical purposes it was completed on time, within budget agreement, and the membership is pleased with the results.

Remodeling work as you know can be very trying, given the unknowns that arise occasionally and Moundbuilders was no exception. However, having followed the project closely, I can say with all sincerity that your company provided the extraordinary service the job required.

It was a pleasure for me to work with Mac Kennedy and Lynn Brooks. Their attention to details, their construction know-how and overall professional approach to the project was above and beyond expectations.

Further I wish to thank you for many things regarding the project, for your encouragement to proceed with remodeling, your assistance with Mac Kennedy in establishing a construction budget, and for your financial support in time of need. I consider it a happy experience, and congratulate you on a job well done.

Very sincerely,

Orville Varasso
